Michael-Gene Kids Basketball Annual Golf Tournament

Dear Sir/Madame,

The Michael-Gene Kids Basketball Foundation is having our Annual Golf Tournament on March 10th, 2018. Thanks to our sponsors from our previous Annual Golf Tournament, we were able to have a very successful tournament. In 2017, the Michael-Gene Kids Basketball Foundation served 2000 Holiday dinner baskets and Christmas gifts to Brevard County families. We had our 6th Annual Black Tie event and sponsored the TransLife run for the 5th year in a row. We are also excited to announce, our 1st sponsorship for a high school student scholarship at Bayside High. Each year, as the number of families we help increases, so does our need for community outreach. We are asking for that amazing support again this year with our Annual Golf Tournament. You can contribute by sponsoring a golf hole or donating a raffle item(s). With your sponsorships and donated items, you will be helping Brevard County families throughout the year. This event also helps raise money to provide children with a chance to be part of a one of the PAL Basketball teams which the Michael-Gene Foundation sponsors each year. These leagues strive to keep children healthy, drug free and build their self-esteem to provide them with a more positive future, which will impact us all.

We have different sponsorship levels available for our Annual Golf Tournament Fundraiser which will be held at the Majors Golf Club, in beautiful Bayside Lakes. With your sponsorship, you will receive your company name on all golf shirts and printed materials, on our foundation website, a Sponsorship sign at a golf hole and golfers to attend the tournament. We are also asking companies to donate items to be raffled off at our golf tournament fundraiser. Please read the pages below and fill the form if you would like to contribute. We greatly appreciate your consideration and continued support.

Thank you,

Dawn M. Futch,
Founder
